

# Enviro-Hub Project Kempston

Are you interested in volunteering in your local community? Do you want to help keep Kempston clean and tidy at a time convenient to you?

***Then the Enviro-Hub is right up your street!***

Working with Fusion at Kempston Pool and WRAP's Litter Innovation Fund, Bedford Borough Council are launching a brand new project in Kempston called Enviro-Hubs to make litter-picking equipment available for volunteers to borrow on an ad-hoc basis during the opening hours of the swimming pool. Just head into Kempston Pool, sign out the equipment and start litter-picking. ***Simple!***

For more information, check out the information boards on Hillgrounds Sports Ground (next to the recycling banks) or Addison Howard Park (next to the play area) or contact:
